DAVID FOELL

City Manager Foell Takes Oakwood Job

David Foell, city manager of Washington C. H. since 1958, has resigned effective Dec. 31 to become city manager of the Dayton suburb of Oakwood.

Foell's resignation was submitted to City Council Tuesday morning. His appointment to the Oak-

wood post was approved by the Oakwood Council Monday afternoon.

The new job will pay \$10,000 a year. Foell receives \$7,620 a year here.

In his letter of resignation, Foell said:

"I wish to thank Council for all

the cooperation shown me during my term. I truly feel that much progress has been made under your guidance. I also would like to thank all my fellow employees for their wonderful cooperation. The City of Washington is fortunate in having the overall calibre of employees working for it.

"It has been a distinct pleasure to serve you and the fine people of Washington C. H."

CITY COUNCIL'S next regular meeting is Nov. 28 when it is expected to formally accept the resignation and begin the search for a successor.

Foell came to Washington C. H. on Oct. 1, 1958, after serving two years as assistant to the city manager of Westerville.

A native of Dayton, Foell, who is 31, was graduated from Capital University, Columbus, in 1953 with a bachelor's degree in public administration. He also holds a mas-

ter's degree in public administration from Syracuse University.

His military service was with the U. S. Army of Occupation in Germany and Austria.

FOELL, his wife, Virginia, and their two children, Eric, 6, and Janis, 2½, live at 915 Dayton Ave.

Mrs. Foell and the children expect to remain in Washington C. H. until after the end of the first school semester Jan. 15.

Oakwood is a residential city of 10,500 population entirely surrounded by the City of Dayton. Foell will succeed Alfred Bergman, who died last June.

REDS FEEL U.S. PRESSURE

Castro Offers To Give Up Bombers, But Continues To Shun Inspections

UNITED NATIONS, N.Y. (AP)—Prime Minister Fidel Castro has offered in a letter to the United Nations to give up some 30 bombers delivered to Cuba by the Soviet Union. A U.N. spokesman today confirmed receipt of the letter.

Castro said that if the Soviet government "considers it convenient for the good development of negotiations and a resolution of the crisis to withdraw such airplanes, the revolutionary government of Cuba will not block that decision."

Havana radio reported that Castro, in a letter to acting U.N. Secretary-General U Thant said the IL28 bombers were old and slow and the Soviet Union could take them back if it wanted to.

Continued presence of the bombers in Cuba is the biggest unresolved issue in the Cuban dispute between the United States and the Soviet Union. President Kennedy classed them as offensive weapons because they have a range of 750 miles and can carry nuclear bombs.

U.S. authorities estimate 30 or more of the bombers were delivered to Cuba. The Soviet Union said Premier Khrushchev could not order them out, as he had some 40 Soviet missiles, because the bombers had been turned over to Castro and were no longer under Soviet control.

Despite his concession on the bombers, Castro in his letter to Thant repeated his refusal to permit foreign inspection of Cuban arms. He also repeated his threat to shoot down any war plane violating his nation's air space, a reference to U.S. reconnaissance planes which have continued aerial surveillance of Cuba to insure that the dismantled missile bases are not reactivated.

Castro charged that the U.S. in-

sistence on removal of the Soviet jet bombers from Cuba "is a pretext to maintain tension, prolong the crisis and sustain its policy of force."

"However," he continued, "if

the Soviet government considers it advisable to withdraw these planes for the benefit of negotiations and for the solution of the crisis, the revolutionary government of Cuba will not be an ob-

stacle to this decision."

Castro insisted that the bombers had been sent to Cuba "for the defense of our country against aggression." As he did earlier with the Soviet missiles already withdrawn from Cuba, he described the planes as "property of the Soviet government."

Referring to violations of Cuban air space, Castro "reiterated that Cuba has the indisputable right to defend its territory against such violations. As far as our anti-aircraft weapons can reach, every war plane which invades Cuban air space will do so at the risk of being destroyed."

He complained the United States had declared "that American military planes will continue to violate Cuban air space. These aggressive acts are in flagrant contradiction to international law and to the United Nations charter."

Castro's offer came after midnight, and State Department press officer Lincoln White said he knew nothing about it. However, officials of the Kennedy administration had shown optimism in recent days that some arrangement for withdrawal of the bombers would be worked out before President Kennedy's news conference tonight, his first in 10 weeks.

Authoritative sources reported last Thursday that Khrushchev had offered to withdraw the bombers but had attached so many conditions his proposal was unacceptable to Washington.

Ohio Driver Sets Record

BOSTON (AP)—Bob Farrington, driver, who set a record last year with 201 victories, cracked that record Monday night at Suffolk Downs when he flashed home in the second race with Linda Carol, a 7-year-old mare.

Linda Carol outfooted a field of pacers to enable the 33-year-old reinsman to crack the record. Farrington was handling the mare for Mike Virag in a catch drive.

"I'm glad the record is broken," he said with a grin in the winner's circle. "I've been under pressure for the past two weeks and have found driving a little difficult. Now that I've set the all-time record I can relax and go on winning races."

Russia Held Responsible For Bombers

WASHINGTON (AP)—U.S. authorities said today the United States is holding the Soviet Union responsible for carrying out the withdrawal from Cuba of bombers which Prime Minister Fidel Castro now offers to give up as obsolete.

This wait-and-see attitude was an initial Washington reaction to a letter to the United Nations quoting Castro as saying he is ready to let the Soviets take back the jet bombers if the Soviet government "considers it convenient for the good development of negotiations and a resolution of the crisis to withdraw such airplanes." Castro said his government therefore will not block the Soviet decision.

Removal of the jets could mark a breakthrough in stalled U.S.-Soviet negotiations on a Cuban settlement. President Kennedy has insisted the planes must go as part of the Cuba deal with Soviet Premier Khrushchev.

But the United States has been holding the Soviet Union responsible for the presence of the bombers. (Please Turn To Page 2)

2 Ohio Pen Aides Held In Drug Probe

COLUMBUS, Ohio (AP)—Maury C. Koblenz, chief of the state division of correction, said today he believes the arrest of a prison guard and an X-ray technician has stopped the flow of stimulating drugs into Ohio Penitentiary.

The latest arrest came Monday. Thomas Eugene Fry, 45, of Columbus, an X-ray technician for the Department of Mental Hygiene and Correction, was charged with taking quantities of the drug Dextedrine into the prison.

Koblenz said Fry admitted taking the drug into the prison on two occasions, but said he was told by inmates it was to be used for photo processing work.

Last Tuesday, a prison guard, Charles H. Looker, 32, was arrested when authorities found 100 grams of Dextedrine on his person. Looker admitted he purchased the drug to sell to inmates Koblenz said.

The correction chief added that he found no evidence that the smuggling activities of Fry and Looker were linked.

Both men have been bound over to the grand jury.

First Lady Beams As Cool Jazz Rolls In White House

WASHINGTON (AP)—Mrs. John F. Kennedy beamed approval from the front row as young musicians sent their spirited rhythms ricocheting through the White House in the executive mansion's first jazz concert.

The concert late Monday started with piano numbers by Tongil Han, a gifted 20-year-old Korean befriended by U.S. airmen in Korea.

Then came cool jazz by the Paul Winter Sextet, former college students chosen to make a cultural exchange tour of Latin America.

It was the fifth in the First Lady's series of youth concerts. About 200 children of diplomats from 59 countries attended.

UOofD OKs Split Term

DAYTON, Ohio (AP)—University of Dayton officials have announced a split third term plan which will keep the school operating year-round. Terms will start Aug. 30, Jan. 7 and May 5.

Driven Back

INDIAN INFANTRYMEN climb the road to Se La Pass in the North East Frontier Agency to engage Chinese Communist forces. The Reds later took Se La Pass and moved into Bomdila, gateway to the strategic Assam Plains.

Coffee Break..

MR. AND MRS. Fred Jones, 627 High St., received a welcome letter from Guam Monday.

It came from their son-in-law and daughter, S-Sgt. and M.R. Hugh Vincent. They and their three children were safe after last week's disastrous typhoon.

Thy typhoon lashed the tiny far Pacific island with winds in excess of 200 miles an hour.

The Vincents reported their house, located at Andersen Air Force Base, escaped destruction, although virtually every building standing on the base and in the island capital of Agaña was flattened.

Mrs. Vincent said the homeless families of military personnel on the base are being returned to the United States. She said it was expected that other families would follow shortly.

REMEMBER that Washington C. H. business executive who so generously gave us his unlisted telephone number the day before the numbers were changed?

Well, we can now report that one of our alert young reporters not only has discovered his new unlisted office number, but his unlisted home number as well.

It happened Sunday afternoon when the reporter had occasion to call the executive's office.

He telephoned the office on the 4th number. An employee answered and said the boss was not there. Then he supplied the reporter with the unlisted (Please Turn To Page 2)

Nehru Requests More U.S. Aid

WASHINGTON (AP)—India's Prime Minister Nehru has sent an urgent personal plea to President Kennedy for helicopters and transport planes.

The request was made in a letter delivered to the President on Monday by India's Ambassador B. K. Nehru, a cousin of the prime minister. Indian defenses were crumbling at the time as Red Chinese battalions advanced toward the populous plains of Assam.

The ambassador said he gave the President a report on the military situation and India's urgent defense needs in the border war.

Red troops stormed on Monday over 13,750-foot Se Pass sector on the Himalayan front — which Indian troops had considered impregnable — and approached Assam, a state producing much tea, rice and oil.

India also sent requests to the U.S. State Department for more arms and equipment to supplement the \$5 million worth already delivered. Engaged along a 1,500-mile frontier with Red China, India has a major problem in supply and equipment for its troops.

State Department press officer Lincoln White said the United States views seriously the large-scale Chinese attacks.

U.S. officials here are concerned that Pakistan may agree to a nonaggression pact with Red China. This would open the way for Chinese troops to go through the Chumbri Valley 40 miles to Darjeeling and snap the narrow Indian corridor to Assam.

Experts On Communism Call China-Soviet Split Unbridgeable

WARSAW, Poland (AP)—Some Warsaw quarters for the first time are describing the Moscow-Peking split as unbridgeable.

Cautious experts on Communist affairs continue to warn that the Soviet Union and Communist China still have more in common than divides them. But these voices are softer in the wake of recent developments over Cuba and India.

One diplomat denied flatly the recent purge of Stalinists in Bulgaria and the apparent downgrading of the Berlin question are frantic Soviet efforts to shore up Moscow's flanks for a full-dress showdown with Mao Tse-tung.

"The bridge has washed away," another diplomat commented. He was referring to the traditional role of Poland as a bridge, or mediator, in Moscow-Peking disputes.

Supporting this view is the possibility that veteran Chinese Communist Ambassador Wang Pingnan may quit the Warsaw post he has held for seven years. Wang is now in Peking. A well-

informed diplomat said Monday he has been told if Wang returns to Warsaw, it will be to make his farewell call.

This report touched off speculation on the future of the periodic ambassadorial meetings between Red China and the United States, held in Warsaw since 1958.

Wang, the dean of Chinese Communist diplomats in Eastern Europe as well as of the Warsaw diplomatic corps, went home in mid-October for what was then described as a temporary absence. Subsequently, Chinese Red ambassadors were called home from other Soviet bloc capitals.

No Paper Thursday

No Record-Herald will be published Thursday in order that employees may spend Thanksgiving Day with their families. All departments will be closed for the day.

Comics and other features normally appearing in the Thursday edition will be found in Friday's paper.

Ike Misgivings On Nixon Told

General Quoted Saying Dick Not Qualified

NEW YORK (AP)—After they had served four years together, Dwight D. Eisenhower did not regard Richard M. Nixon as "presidential timber," the former president is quoted as saying in a magazine article by a onetime aide.

In the current issue of Look, Emmet John Hughes, then a campaign assistant and speech writer for Eisenhower, quoted him as saying of his vice president in 1956: "The fact is, of course, that I've watched Dick a long time and he just hasn't grown. So I just haven't honestly been able to believe that he is presidential timber."

An aide of Eisenhower, who now lives in Gettysburg, Pa., said the former president would not comment on Hughes' article, entitled "The Eisenhower I Knew."

Hughes wrote that his quoted conversation with Eisenhower took place in August 1956. On Aug. 22 that year, the Republican National Convention renominated the Eisenhower-Nixon team.

Eisenhower's words, as he opened the Republican campaign three weeks later, on Sept. 12, belied the misgivings Hughes said the former president had expressed.

"There is no man in the history of America," Eisenhower said then, "who has had such a careful preparation as has Vice President Nixon for carrying out the duties of the president if that duty should ever fall upon him."

The question of succession to the presidency was a major issue in the 1956 campaign. Eisenhower had been sidelined for months by a heart attack the year before, and was stricken in mid-1956 by an attack of ileitis.

Hughes wrote that Eisenhower had encouraged the effort by Harold E. Stassen, then his adviser on disarmament, to get the GOP convention to drop Nixon from the 1956 ticket.

Akron Funeral Director Loses State Licenses

COLUMBUS, Ohio (AP)—Both the embalmer's and funeral director's license of an Akron mortician in whose establishment were found the unburied bodies of nine infants have been revoked.

The Ohio Board of Embalmers and Funeral Directors took the action against Clarence D. Irby Nov. 14, but it was not announced until today.

The board held Irby's failure to bury the infant bodies was "immoral and, or unprofessional conduct."

"Here's your opportunity to prove what a salesman you are, Hartwell... talk me out of firing you."

Khrush Says Steel No Longer Index Of Industry Strength

MOSCOW (AP)—Soviet Premier Khrushchev has told his country's Communist leaders that steel is no longer the prime index of a nation's industrial strength.

In his marathon report Monday to the Communist party Central Committee, he demanded a speed-up in the development of the Soviet Union's chemical industry to produce synthetic materials that take the place of steel. The report, which Khrushchev took more than six hours to read, was published today.

Khrushchev's sharp departure from traditional Communist emphasis on steel production as the basis of industrialization startled Western observers here.

The Soviet leader coupled his repudiation of the primacy of steel with a bitter attack on conservative members of the nation's leading planning organs. He accused them of neglecting the chemical industry.

Khrushchev said that although the Soviet Union is exceeding its

steel production goals, its targets for the production of synthetic materials are not being met.

He said that if steel production plans were met and targets for synthetic materials overfulfilled, "We would be considerably richer."

"But it is difficult to do this because there are people who hold back those who want to rationally change the work quotas for steel production in favor of synthetic materials," he said.

Khrushchev's remarks contrasted sharply with recent Soviet elation over reports of having produced more steel than the United States in the third quarter of this year—18.9 million metric tons of steel to the United States' 18.6 million metric tons.

The Russians ignored the fact that American steel production was less than 50 per cent of capacity. They also failed to point out that their own production was behind this year's annual production schedule.

U.S. Expels Cuban Envoys

NEW YORK (AP)—A Cuban husband-wife diplomatic team has left the United States at State Department request. The FBI accused the couple of supplying weapons to a pro-Castro sabotage ring that allegedly planned to unleash a reign of terror in metropolitan New York.

The couple, Jose Gomez Abad, 21, and his wife, Elsa, 20, attaches at the Cuban mission to the United Nations, flew out of Idlewild Airport late Monday, bound for Mexico City.

Because of diplomatic immunity, they were not liable to arrest for taking part in what this government called "a criminal conspiracy."

A third member of the Cuban U.N. mission, Roberto Santiesteban Casanova, 27, is being held by the FBI along with two other persons on charges of conspiracy to commit sabotage.

Cuban Revolutionary's Auto Bombed In Miami

MIAMI BEACH, Fla. (AP)—A bomb exploded in front of the home of Cuban Revolutionary Council President Jose Miro Cardona today, destroying his automobile.

The blast occurred an hour after the exile leader had returned from Washington where he conferred with U.S. officials and Latin-American diplomats on the Cuban situation.

"The bomb must have been placed by followers of Fidel Castro," said an aide of Miro Cardona.

City Ballots To Be Opened Tonight

Mace Adds One More Vote In Rural Precinct Recount

A recount of the 23 rural Fayette County precincts Monday night netted the apparent winner, Democrat Robert J. Mace, one additional vote in the race for county commissioner.

The board will recount the 19 Washington C. H. precincts Tuesday night.

A spokesman for the board said the rural recount gave Mace a rural total of 2,137 votes, one less than he received in the count made after the Nov. 6 general election.

However, the recount gave his opponent, Republican Max E. Lawrence, 1,486 votes, two less than he received in the original count, thus increasing Mace's margin by one.

The overall vote in the original count was: Mace, 3956; Lawrence, 3,938, making Mace the winner by 18 votes. The recount of the 23 precincts boosts this margin to 19.

LAWRENCE applied for a recount in all 42 precincts and de-

posited the necessary \$420 (at \$10 a precinct).

The recount resulted in minor changes in seven of the 23 precincts. Largest of these was only two votes in West Precinct of Union Twp. Lawrence's total in the precinct was unchanged at 127 while Mace's total rose from 134 to 136.

Elsewhere, the recount brought these changes:

Concord Twp. — Lawrence reduced from 88 to 87, Mace increased from 140 to 141.

Selden Precinct of Jasper Twp. — Lawrence reduced from 33 to 32, Mace unchanged at 44.

Jeffersonville Precinct A — Lawrence increased from 97 to 98, Mace reduced from 94 to 93.

Jeffersonville Twp., South Precinct — Lawrence reduced from 69 to 68, Mace increased from 112 to 113.

Union Twp., East Precinct — Lawrence increased from 112 to 113, Mace reduced from 150 to 149. (Please Turn To Page 12)

Sabina Repeats Offer To Simon Kenton

SABINA — The Sabina board of education Monday reiterated its merger offer to the Simon Kenton school district — two new members of the board and a school combination that would have a tax duplicate of \$1.7 million, 280 more elementary pupils and 68 more high school students.

The interchange of propositions among school districts is expected to be the subject of special elections early next year.

In the Nov. 6 election voters decisively turned down a merger of the Sabina, Simon Kenton, New Vienna and Martinsville districts into one big consolidated district.

Based on policy statements made the last few days by the various school boards, the elections are expected to see New Vienna voting on a transfer to Simon Kenton, and Simon Kenton voting on a transfer to Sabina.

Both Sabina and Simon Kenton have continued high school charters. However, New Vienna's charter will be revoked by the State Board of Education at the end of the present school year.

Reds Feel Pressure

(Continued from Page 1)
ers in Cuba. Therefore, U.S. officials said, the United States is looking to the Soviets—over the Cuban leader's head—to indicate that the bombers are going out.

Kennedy is slated to talk publicly about the Cuban situation in a news conference at 6 p.m. EST tonight. The President's meeting with the press will be nationally radio-televised. It is his first news conference since before the start of the Cuban crisis.

U.S. authorities made it clear that what Kennedy says tonight will be affected by any word—or lack of word—from the Soviets during the day about removal of the bombers.

Without setting up a definite timetable that would give the proposition one of the major elements of an ultimatum, U.S. negotiators nevertheless have emphasized to the Soviets at the United Nations that they were in a hurry for a satisfactory response on the point. The schedule for the Kennedy broadcast provided an implied time marker.

There had been no concrete indication that Kennedy would be able to report further progress on the Cuban situation when he goes before newsmen at 6 p.m. EST for the news conference to be carried by major radio and television networks.

But there had been optimism among administration officials in recent days that some arrangement on withdrawal of the bombers from Cuba would be worked out prior to the President's meeting with newsmen—his first in 10 weeks.

Authoritative sources reported last Thursday that Soviet Premier Khrushchev had offered to withdraw the bombers, but had attached so many conditions that the proposal was unacceptable to Washington.

Therefore, any new offer by Castro would get close scrutiny for attached "ifs."

The prime minister was quoted as saying again today that he would never consent to on-site inspection for the removal of offensive weapons.

Once again, according to the broadcast, he declared he would stop aerial reconnaissance of the island by U.S. planes. Washington authorities have made it clear that any attempt to interfere with the reconnaissance planes would be met by force.

President Kennedy has never before allowed 10 weeks to lapse without meeting with newsmen. Since the Cuban crisis boiled up last month, the administration has kept a damper on news of the situation.

In a radio-television speech on Oct. 22, Kennedy declared that the Soviet Union was building offensive missile bases in Cuba and was bringing in jet bombers.

He threw an offensive arms blockade around the island and told Moscow to pull back its missiles and bombers.

On Nov. 2 in a brief broadcast, Kennedy reported the dismantling of the Soviet rockets and said "progress is now being made towards the restoration of peace in the Caribbean." He promised to "continue to keep the American people informed on this matter."

A break in the crisis had come with an Oct. 27-28 exchange between Kennedy and Khrushchev. Not all of the messages were made public. In those that were, Khrushchev said he had ordered withdrawal of offensive weapons. Kennedy said he would lift the arms blockade and give a no-invasion pledge upon the establishment of international safeguards to assure Khrushchev carried out his commitment and offensive weapons would not re-enter Cuba.

Meigs Village Gets Aid
WASHINGTON (AP)—The Urban Renewal Administration has awarded a \$5,550 grant to the Ohio Department of Industrial and Economic Development for assistance on work in the Meigs County village of Middleport.

Deaths, Funerals

Fred H. Stevenson

MT. STERLING — Fred H. Stevenson, 63, of near Mt. Sterling, died Monday in Riverside Hospital, Columbus, where he had been a patient five days. He was an employee of the Ohio Highway Department.

He is survived by his wife, Mary Elizabeth; two daughters, Mrs. Betty Timmons, Lima, and Mrs. Nancy Rolfe, Mt. Sterling; four grandchildren; three brothers, Scott, of Atlanta, Thurman, of Chillicothe, and Everett, of Clarksville; and three sisters, Mrs. Lou Orihood, of New Holland, Mrs. Grace Rolland, of Chillicothe, and Mrs. Lilly Baird, of New Holland.

Services will be held at 2 p.m. Wednesday in the Snyder Funeral Home here. Burial will be in Pleasant Cemetery.

Friends may call any time at the funeral home.

Mrs. George C. Williams

Word of the death of Mrs. George C. Williams, 78, the former Margaret Coffey of Washington, D. C., in Coral Gables, Fla., Nov. 15 has been received here.

Mrs. Williams and her husband, Dr. George C. Williams, who survives, went to Coral Gables 37 years ago from Columbus.

Besides her husband, she is survived by a sister, Mrs. John Miller, of West Chicago.

Disorderly Conduct Hearings Continued

Acting Municipal Court Judge John S. Bath Tuesday continued the arraignment of two Washington, D. C. men, charged with disorderly conduct, until Friday at 10 a. m. The action was taken upon request of the prosecuting witness, who was unable to attend court Tuesday morning because of illness.

Roy Penwell, 25, of 606 E. Temple St., and Lycurgus Carpenter, 35, of 613 E. Paint St., were arrested by Patrolman Justin Molloy at the Home Restaurant, 618 Rose Ave., at 6 p. m. Monday. Charges against the two men were filed by the Rev. George Thomas, 715 Pearl St.

Penwell is charged with using obscene language and Carpenter with indecent exposure.

Penwell was released after his arrest Monday by posting \$50 bond; Judge Bath ordered his bond returned Tuesday. Carpenter spent Monday night in city jail for failure to post \$100 bond. Both men were free Tuesday, pending their appearance in Municipal Court Friday.

Thanksgiving Day

(Continued from Page 1)

afternoon sponsored by room mothers.

All schools will remain closed over the weekend and classes will be resumed on regular schedule Monday morning.

OFFICES in the Courthouse will be closed Thursday but will open Friday and be closed again at noon Saturday. Offices in City Hall will be closed all day Thursday and Saturday but will be open Friday.

The Post Office will observe the holiday with the customary curtailed service. There will be no home deliveries in either city or county, but special delivery matter will be handled as usual. The lobby will be open from 8 a. m. until 6 p. m. for box holders, but the windows will be closed.

Santa Claus will arrive in Washington, D. C. at 1:30 p. m. Friday, the day after Thanksgiving Day, to open the Christmas shopping season. He will go in his sleigh from the high school over North and Court Sts. to the Courthouse lawn, where he will greet the youngsters and distribute candy treats.

The Washington, D. C. Area Chamber of Commerce, his host for the day, has provided 1,800 treats.

Gay Christmas lights on the big evergreen tree on the Courthouse lawn, on the Courthouse itself and those on the light standards in the business district will be turned on Friday night.

Fledgling Scientist Explains About Gases

DAYTON, Ohio (AP) — This may be the space age, but not all young Dayton scientists have their eyes on the stars.

Mrs. Wanda Bussard, sixth grade teacher at Meadowdale Elementary School here, received this explanation for the difference between liquid and gas: "A liquid is like water or milk. Gas is something that upsets your stomach."

Reporter, 18, Wins \$1000 Writing Prize

NEW YORK (AP) — Dennis Wittman, an 18-year-old reporter on the Hamilton, Ohio, News-Journal, has been awarded \$1,000 for his writing in the physical recreation field.

The award was one of five given by the American Machine and Foundry Co. and the National Recreation Association Monday.

Vice President Lyndon B. Johnson, who spoke at the luncheon, said four nations had provoked war with the United States in the past because they felt it was a soft country. He said the Kaiser, Mussolini, Tojo and Premier Khrushchev felt Americans were soft. It took wars to convince the first three they were wrong and the U. S. stand on Cuba may have changed Khrushchev's opinion, Johnson said.

"This generation of Americans has a destiny to meet," the vice president asserted, "and we cannot meet it unless our bodies are fit and our minds alert."

Mr. Magoo Not Two, So He's Safe

WASHINGTON (AP)—The federal government has temporarily lifted the deportation order hanging over Mr. Magoo, the bachelor mongoose.

But the law is the law. Barring any further appeal to a higher executive or judicial level, Mr. Magoo must some day give up his happy home in the zoo at Duluth, Minn., and be packed off to his native India.

For a furry little mongoose who wasn't widely known up to a few days ago, Mr. Magoo has done quite well by the government. His case has reached Cabinet level.

Secretary of the Interior Stewart L. Udall decreed late Monday that Mr. Magoo could stay at the zoo—but only as long as he remains a star attraction. Then it's off to India with him.

"The legal background for this commutation is quite lengthy," Udall said. "But it goes to the point that the law's intent was to prevent a population explosion among mongooses."

"This threat is obviously not an issue in the Duluth case, as was pointed out in one informal staff opinion which read: 'There can be no threat of an excess of the mongoose being loosed in Duluth as long as Magoo is not two.'"

Cuba Hides A-Missiles

NEW YORK (AP)—The United States has learned that tactical missiles capable of carrying nuclear warheads have been hidden inside Cuba and the missiles are capable of reaching into Guantanamo naval base, the New York Herald Tribune reported today.

Known as "Frogs," these ground-to-ground mobile missiles have a range of about 25 miles, the newspaper said in a Washington dispatch from its Pulitzer Prize-winning reporter, Marguerite Higgins.

She wrote that administration officials were unwilling to explain how they obtained "clear evidence" that the missiles were hidden inside Cuba.

"Frog"—Firing Range Over Ground—missiles are capable of using both conventional explosives and atomic warheads.

Havana Says Cuban Vessel Is Bombed

KEY WEST, Fla. (AP)—Havana radio claimed today a Cuban merchant ship sailing in international waters southwest of Bermuda was attacked Monday afternoon by a "North American plane."

The broadcast said the plane aimed 11 bombs at the Rio Donmuji but all of them missed the target.

The vessel, said the radio, then "continued its voyage towards Cuba with the crew maintaining the same high morale of all the Cuban people."

There have been no reports on the alleged incident from other sources.

HOW THE WEATHER LOOKS

COLUMBUS, Ohio (AP) — Official Weather Bureau summary of Ohio's weather outlook:
Cloudiness continued over Ohio through the night, and a little light drizzle fell near the Ohio River.

Temperatures were very uniform, ranging from 33 at Toledo early today to 38 at Chesapeake and Marietta.

Skies are expected to continue mostly cloudy today, but afternoon temperatures will rise into the 40s. There may be a little light drizzle or rain over the southern counties and the extreme northeast this morning.

Cloudiness will become scattered tonight and Wednesday. It will be warmer by Wednesday afternoon with temperatures rising into the 50s.

Mainly about People

Mrs. Fred Belk, New Holland, entered Good Samaritan Hospital, Cincinnati, Saturday. Her room number is 275.

Mr. and Mrs. Dale Funk, New Holland, have chosen the name Susan Dale for their daughter born in Memorial Hospital Thursday.

One Driver Fined; Two Forfeit Bond

Acting Judge John S. Bath fined one Fayette County man \$10 and costs in Municipal Court Tuesday on a traffic violation. Two out-of-town traffic offenders who failed to appear forfeited \$30 in bonds.

Receiving the \$10 suspended fine for failure to heed a stop sign at Main and Elm Sts. Sunday was William J. Miller, 56, Rt. 4.

Forfeiting bond were: Donald Richard Allen, 21, Xenia, \$15, speeding 4 miles an hour in a 25-mile zone on W. Court St.; William R. Withers Jr., 30, Bridgeport, \$15, failure to stop at a red light at Court and Hinde Sts.

Mammoth Cave, discovered near Bowling Green, Ky., in 1799, has over 150 miles of passageways.

Cincinnati To Enforce Sunday Laws

CINCINNATI (AP) — Police have been ordered to arrest merchants who stay open next Sunday in defiance of the state's 131-year-old Sunday closing law.

City Manager C. A. Harrel is issued the order to police Monday after a brief conference with other Cincinnati officials. He said the order does not forbid individuals from taking out citizens' warrants against law violators.

Cincinnati began a crackdown on Sunday closing offenders in 1959, but the campaign was abandoned the next year after criticism from several Municipal Court judges.

Since then a number of merchants have been cited by individuals and fined. On Nov. 11, after a proposed amendment to the state constitution was defeated, Hamilton County police arrested six violators. Their cases are pending in court.

No "blue law" arrests were made by either city or county police last Sunday, but citizen's affidavits were filed against two merchants Monday. These accused the merchants of staying open Nov. 11.

Stock Market Strong Again

NEW YORK (AP) — The stock market gathered renewed strength early this afternoon as it canceled some early losses and moved generally higher. Trading was moderately active.

The Associated Press average of 60 stocks at noon was up .4 at 232.6 with industrials up 1.0, rails up .3, and utilities off .3.

IBM spurred more than 4, Amerasia more than 3, and Polaroid 2 points or better.

Ingersoll-Rand advanced more than a point.

Chrysler continued to respond to glowing forecasts of profits and sales, gaining a full point. Ford and General Motors added fractions. American Motors and Studebaker showed scant change.

The utility average was dampened by Houston Lighting's decline of more than 3. American Telephone advanced nearly a point. Small changes occurred among others in the group.

Gas Pump Jimmied

An unsuccessful attempt to steal gasoline from a pump at the Washington Coal Co., 309 W. Temple St., was made sometime Monday night, the owner, Louis Baer, reported Tuesday morning. Baer told police he discovered about 7 a. m. the pump's nozzle was broken and its outer glass pane was shattered.

Turkeys Rule Food Roost

By THE ASSOCIATED PRESS

The turkey, Thanksgiving Day favorite of the millions, rules the roost this week at food stores from coast to coast.

Prices generally are higher. Small turkeys, those under 10 pounds, were expected to be most in demand.

A wider than ever array of turkey products were being featured, including boil-in-the-bag pouches of sliced turkey with gravy, frozen turkey dinners, boned, canned turkey meat and the like.

Most fruit counters bulged with fowl accompaniments such as cranberries (there's a bumper crop this year), apples, grapes, oranges, grapefruit and pears.

Housewives not bound by tradition were being offered in many places ham and pork loin roasts at good prices, and broiler-fryers.

THANK YOU
I would like to take this opportunity to thank the voters of Fayette County who supported me in the recent election.

City School Board Reviews Plant Improvements

The Washington C. H. Board of Education reviewed progress on a number of school plant improvements at its regular meeting Monday night.

Board members inspected the new high school cafeteria in company with Thomas J. McCloy, architect, and Jules Steinbecker, superintendent of construction for the architectural firm, but withheld final approval of the project until several minor changes were made.

One change order, involving an additional \$332 expense for roof and drainage, was authorized.

The board heard a recommendation for the improvement of the hot water supply for both the cafeteria and shower rooms, but

took no action pending further investigation.

Superintendent Marshall D. Boggs reported that five study halls are conducted in the cafeteria daily and that at least three activities are held there each week.

BOGGS REPORTED that repairs to the high school roof have been completed. The improvements included covering the cornice with copper, lowering the parapet wall and installation of new copper flashing and counter flashing. The clock tower was removed and the area was roofed with built-up composition material. All coping was replaced

Modern Living Hazards Cited

CINCINNATI (AP) — Modern living creates two sorts of health hazards, those inherent in mass civilization and those that would exist in a world ravaged by nuclear war, the surgeon general of the United States says.

"Today's multiplying health hazards do not usually assert themselves in the dramatic manner of the great single-agent plagues," Dr. Luther L. Terry told a symposium of public health experts Monday night.

"Instead they consist of slower-acting, long range accumulation of micro-insults on man's health, exacting their toll just as surely yet more difficult to diagnose and to attack."

As far as the national disaster created by possible total war is concerned, the U. S. Public Health Service has some 2,000 scattered civil defense hospitals in readiness, Dr. Terry said.

Hospital Guard Put Over 15-Year-Old Boy

MIDDLETOWN, Ohio (AP)—A round-the-clock guard on a 15-year-old patient at Middletown Hospital has been placed by the Warren County sheriff's department.

Sgt. Richard Kemp said the boy, arrested last week in Franklin in Warren County at the request of Montgomery County authorities, tried to kill himself Sunday night by eating razor blades. He was wanted in connection with a hit-skip accident and for parole violation, Kemp said.

The board also received a report that restrooms at the Gardner Park Stadium are near completion, and that major summer projects have been completed.

Only remaining project is the application of stone to parking areas at Eastside and Belle Aire elementary schools.

THE SUPERINTENDENT reported that playground equipment has been moved from the former Central elementary school to Belle Aire and that the large swings have been moved from the north side of the new wing and joined with swings donated by Dr. Charles M. Pfersick.

Boggs recommended that several loads of stone be purchased to cover a part of the Belle Aire grounds which is to be used for playground equipment and that a part of the play area should be blacktopped next summer.

The superintendent also reported that the sidewalk project on Willard St. from the Eastside school to Carolyn Rd. has been completed at a cost of approximately \$1,500.

The walk is 1,250 feet long, five feet wide and a minimum of four inches deep.

THE BOARD approved a new contract for Lloyd Cartwright who has been hauling trash from city school buildings. He will be paid \$140 per month during the time that school is in session on the basis of one pickup from each school daily.

The contract price was increased from a previous flat rate of \$65 monthly because the new cafeteria provides a full truckload of cans, paper and other trash daily immediately after the noon hour.

IN OTHER ACTION, the board approved the expenditures involved in construction of the biology laboratory during the summer; half of the \$10,205 outlay will be reimbursed to the district under the National Defense Education Act;

Withheld any decision on requests for use of the gymnasium for adult basketball pending further information (a \$25 rental fee is charged per night).

Studied a report from Elementary Coordinator Cecil E. Roebuck on progress of the Personal Achievement Primary in operation at Belle Aire school;

Received and filed final reports on October operations, high school activity and athletic accounts;

Heard a report from Harris Willis, the board's delegate to the Ohio School Boards Association meeting in Columbus last week;

Authorized payment of \$21,895.78 in current bills.

Herschel Taylor and Mac Dews Jr., representing the Athletic Boosters Association, were guests at the meeting.

County Treasurer Addresses Kiwanians

Members of the Kiwanis Club today have a better conception of the functions of the county's tax collecting department after Treasurer Harold Hise explained some of his duties at the club's Monday night's dinner meeting in the Hotel Washington.

Tax bills, which were prepared in the auditor's office, are now being typed for mailing to property owners, he said.

He pointed out that real estate is reappraised about every six

years and that taxes on it are assessed at 45 per cent of the appraised value.

When real estate taxes have been delinquent three years, they are certified over to the auditor, who in turn refers them to the prosecutor who orders the property sold in the name of the treasurer for taxes.

Treasurer Hise was introduced by Richard Kilian, the program chairman.

During the question and answer period, Hise said many other taxes are collected at the treasurer's office.

President Edwin Nestor opened the meeting following dinner, but there was no business session. However, chairmen of the standing committees for the coming year met after adjournment to discuss plans for the future.

The two-cent piece of 1864 was the first United States coin to bear this motto, "In God We Trust."

Albert I. King of the Belgians, was killed in 1934 while mountain climbing.

Activities Council Turns Down Proposal

Board Delays Final Decision On Band Trip To Washington

There has been no final decision on whether the Washington High School Band will go to the Cherry Blossom Festival in Washington D. C. next April.

The High School Activities Council turned down the proposal by a vote of 3 to 4 Monday afternoon, but the Board of Education, which holds veto power over the Council, tabled the matter Monday night pending further investigation.

The band has received an application form from Cherry Blossom Festival headquarters. The deadline for returning the application form is Nov. 30. Invitations to participate are based on completed application forms.

The Activities Council made it clear that its vote did not indicate opposition to the band ever going to the Festival (the band made the trip four years ago), but made it clear that the Council decision indicated a belief that there is not enough time to complete the detailed planning necessary before the April 4-6 event.

The Council, composed of teachers and administrators, indicated that it was not sure from the information placed before it how many band parents are interested in the trip.

SUPERINTENDENT Marshall D. Boggs told the Board of Education that he sees educational advantages in the trip, although it would mean the loss of two days of school for band members. He made it clear that the school administration would expect to keep a tight rein on arrangements and said that he would not approve a "sales campaign" on the part of students to raise money for the trip.

The board wants a full report on arrangements, including plans for chaperones, before taking any further action.

It is estimated that it would cost between \$5,000 and \$6,000 to send the 140 band members to the nation's capital. The Band Boosters organization has ap-

WHS Cafeteria Reports Deficit

The Washington High School cafeteria ran at a deficit during its first full month, but the Board of Education believes that November and December reports will give a much truer picture of the operation.

The October cafeteria report, submitted to the board Monday night, showed a loss of \$645.69 for the month.

However, labor used in getting the cafeteria ready for business was charged as an October expenditure, and Superintendent Marshall Boggs pointed out that a greater part of the \$680.68 paid out for "supplies" during the month was for small cookware items which constitute a one-time outlay.

A total of 20,745 lunches were served to students during the 23 operation days of October, along with 13,385 extra half-pints of milk.

Total receipts, including \$284.10 for adult lunches, came to \$7,817.50, while total expenditures were \$9,987.40. The cafeteria was carrying a \$1,524.21 inventory at the end of the month, bringing the net expenditure to \$8,463.19.

The report shows 494 lunches served to students working in the cafeteria and 205 lunches served free or at reduced rates to students who could not afford to pay the full 30-cent charge.

Teachers also pay 30 cents.

Each New Day Is A Challenge

NEW YORK (AP)—"When I wake up each morning," said director John Huston, "I think it offers more possibilities than any day I've ever known before."

"I don't live very much in the past. I don't prefer anything that ever happened to me over what might happen today or tomorrow."

Tall and spare at 56, Huston, son of the late actor, Walter Huston, has long been known as one of Hollywood's blither spirits and most versatile geniuses.

John has ruffled gray hair, and a crinkled face.

He has operated on the theory that life is something to live as you go along. He has been a boxer, actor, member of the Mexican cavalry, newspaper reporter, magazine writer, painter, U.S. soldier, script writer and film producer.

"The mistake most people make in living is taking the wrong things too seriously, such as giving a false importance to passing events that don't deserve it," Huston said as he sat, hunched in an old dressing robe in his hotel room, breakfasting on a big bowl of midday Manhattan clam chowder.

"People worry more about their economic security than their lives. They are more afraid of losing their jobs than of having the atomic bomb go off."

"I never worry about having a job—and I've been broke a number of times. In fact I'm always broke."

"Once I had a brief unhappy period of solvency a number of years ago. But by a desperate effort I got out of it. I even had a bank balance, but I got rid of it as soon as I found out about it."

One of the ways he avoids solvency is to maintain a 100-acre estate in County Galway—"any cottage of more than three rooms in Ireland is a castle"—where he rides to the hounds and keeps 25 horses and ponies. He tries to spend half of each year there.

"The things that are important to me," he said, "are my kids, my wife, my friends, my work and having a good time. A good time to me is doing the things I like to do."

"I like to go fox hunting or on safari, to visit art galleries and collect primitive art."

"When I was 50 years old, I decided I'd have a shot glass of bourbon on awaking every morning as a little reward for good clean living. But I haven't been able to live up to it. Like with most good resolutions, you keep forgetting."

By Hal Boyle

Inside You And Yours

By BURTON H. FERN, M. D.
How can you tell appendicitis from an ordinary stomachache?

You can't! Even doctors have trouble.

But you can gather clues. It probably isn't appendicitis if your mouth waters at the thought of steak, French fries and strawberry shortcake.

Appendicitis begins with a queasy feeling. A vague ache surrounds the navel. That queasy stomach erupts once or twice. Then the ache shifts into a sharp, piercing pain low in the right side. Fever floats up to 101 degrees F.

Appendicitis is rarely so clear-cut.

Types Of Pain

Like an intestinal banner, the dangling appendix may drift in any direction. Its inflamed tip several inches away may trigger pain (1) down in the thigh (2) up towards the chest (3) across to the middle or (4) up in back.

The dangling end may rub against the bladder and mimic a bladder infection.

Pneumonia, kidney infection and liver ailments are a few of the many conditions that often masquerade as appendicitis.

Midway between menstrual periods, Karen felt a sudden sharp pain low in her right side. Appendicitis? No, just the egg cell breaking loose from the ovary.

Diagnostic Operation

When children have colds and sore throats, glands (lymph nodes) inside the abdomen often swell painfully. They mimic appendicitis so well that doctors often operate just to be sure.

Before he operates, the doctor will examine repeatedly; order laboratory tests; ask a thousand and one questions. If he doesn't have to, he'd rather not operate. But when in doubt, he'll prefer unnecessary surgery to the life-threatening complications which delay might bring.

Check With Doctor

Every tummy ache deserves a telephone check with your doctor. Don't assume it's nothing serious; even doctors have been fooled.

Dear Abby:

A Word To The Wise

by Abigail Van Buren

DEAR ABBY: I am 17, unmarried and am expecting a baby. Pete (not his real name) says he isn't ready for marriage and I should find somebody else. He is 20. My parents are standing by me and I feel terrible because they tried so hard to guide me right. Pete's father is dead, and his mother is sick and elderly, so my parents met with Pete and his older sister, who is 28 and married. Every time my father asked Pete a question his sister answered for him. He acted like he didn't care a thing about me and, Abby, he said he loved me when we went together. All I want is a name for my baby. How can I get him to marry me? My father told him not to come around unless he had marriage in mind.

HEARTSICK AND BLUE

DEAR HEARTSICK: If Pete did marry you just to give your baby a name, his chances of being a good husband and father would be poor. Make your plans without him, and thank God for your loyal parents. You are young and can still make a good life for yourself. If you want help in finding a home

for unwed mothers near you, let me know. Good luck!

DEAR ABBY: I am a divorcee with a year-old daughter. I am planning to be married again in the near future. If I shortened my original wedding gown and dyed it a pastel, do you think it would be appropriate to wear for my second wedding?

MADGE

DEAR MADGE: No. Start your new married life with a new dress. And better luck this time!

DEAR ABBY: You are wrong. It's NOT the wife's place to see that her husband looks presentable. If a man doesn't care how he looks, his wife should let him go around looking like a bum and pretend she's not with him. I have eight children to dress, and I can't dress them and my husband, too. If I could drive the car, I'd leave him home.

HOMER'S WIFE

DEAR ABBY: Will you please devote a little space to telling your readers what you think of

people who would steal the flowers from an infant's grave? If you think this problem does not concern a great number of people, you are mistaken.

ANGRY FATHER

DEAR ANGRY: Such thievery is beneath contempt, of course. The only solution is better policing of cemeteries.

What's on your mind? For a

personal reply, send a self-addressed, stamped envelope to Abby, Box 3365, Beverly Hills, Calif.

Steelways Magazine estimates that the new interstate highway system will use 13.2 million tons of structural steel, much of it in bridge construction, and 13.6 million tons of reinforcing steel, used to improve the strength of concrete.

The Nation Today

WASHINGTON (AP)—President Kennedy's relations with the press are getting sticky. News-men don't like the way his administration has handled them or information.

He faces questions about it this evening at his first news conference since Sept. 13. But he's had the idea of some restraint on news stories in a critical period, like this one with Cuba, since early in his administration.

His administration's ideas about this, and news men's ideas about it, came into conflict after the Cuban crisis erupted because of what his administration said and did.

As a result of newsmen's criticism, Rep. John E. Moss, D-Calif., said his House Government Operations subcommittee would look into the situation.

The 10-week gap in his news conferences is understandable to some extent because Cuba became a critical problem since his last meeting with reporters. Actually he has held more news conferences this year than last.

Before he became president, while still a candidate in 1960, he said he thought that whoever was president would see the press once a week. He hasn't quite made good on it. He held 19 conferences last year, 24 so far in 1962.

Kennedy's concern about news stories in tense moments came out April 27, 1961, when he called on the press for some form of self-censorship because of cold war threats to national security.

On May 9, 1961, he told eight editors—who called at the White House to hear more about his plea for self-restraint—that his administration contemplated no type of government restrictions on access to the news.

This meeting got a little confusing, Kennedy's press secretary, Pierre Salinger, said the President had suggested to the editors that newspapers select a representative to advise them on news which might affect national security.

One of the editors, Felix R. McNight, who was president of the American Society of Newspaper Editors, said the group agreed the nation's position was grave but suggested censorship, voluntary or otherwise, was not needed.

Kennedy, since taking office,

repeatedly has had editors to the White House from all over the country to discuss national problems. But concern about his administration's handling of news mounted after he announced the Cuban crisis. That was Oct. 22.

There has been some concern about what was happening in the month before Oct. 22. While Kennedy was insisting Russian help to Cuba involved only defensive weapons, there were reports the weapons were offensive missiles.

Days before Kennedy's broadcast, Sen. Kenneth B. Keating, R-N.Y., said publicly he had been informed the weapons were offensive missiles. The administration nevertheless took the position they were defensive weapons until the broadcast.

In this case at least the admin-

James Marlow

istration's intelligence service on Cuba was tardy.

Within less than 10 days after the broadcast three things in particular happened: a Defense Department statement and a tightening up on news sources at the State and Defense departments.

1. The Defense Department's chief of information, Arthur Sylvester, assistant secretary, said the Kennedy administration controlled news of government actions in the Cuban crisis as a weapon in the drive to force Russia to dismantle its missile bases.

"News flowing from actions taken by the government is part of weaponry," Sylvester said. "In the kind of world we live in, the generation of news by actions taken by the government becomes one weapon in a strained situation. The results in my opinion justify the methods used."

Lee Hills, this year's president of the American Society of Newspaper Editors, wired Sylvester that his statement about the weaponry concept of news shocked responsible editors.

The New York Times said "there is no doubt that management or control of the news is censorship described by a sweetener term. There is no doubt it restricts the people's right to know."

The Washington Star called the meaning of Sylvester's words "truly sinister."

2. The Defense Department issued a directive which said: Unless a public information officer of the department sits in on an interview of a department official by a reporter, that official must report to Sylvester's office the same day on the substance of the conversation.

3. The State Department required its officials to report the general subject of any talks they have with reporters.

The net effect, in both cases, could be expected to make officials who previously might have been willing to talk with newsmen a good deal more cautious.

Keys Is Reappointed State Safety Director

COLUMBUS, Ohio (AP)—Gov. Michael V. DiSalle has reappointed J. Grant Keys to his \$14,000-a-year post of highway safety director.

Keys resigned Sept. 15 to campaign for congressman from the 13th District. He was beaten by Republican incumbent Charles A. Mosher. Keys will serve as highway safety director until DiSalle leaves office Jan. 14.

Gov.-elect James A. Rhodes, a Republican, has not named a man for that cabinet position yet.

Zanesville County Auditor Asks For Vote Recount

ZANESVILLE, Ohio (AP)—Incumbent Democratic County Auditor Genius T. Payne, beaten in a bid for reelection, has filed for a recount in 32 of the county's 149 polling places. Donald L. Dilts won the race, 13,517-13,457, in his first try for public office as Republicans won every county elective office.

\$3,295 In Jewelry Taken From Cincy Home

CINCINNATI (AP)—A Clifton area woman made a quick trip to the bakery Monday and returned home to find it had been looted of an estimated \$3,295 in jewelry. Mrs. Ruth Schreiber told police the jewels had been taken from an upstairs bedroom.

VFW, Burnett-Ducey Post And Auxiliary Have Dinner

Members of the Veterans of Foreign Wars, Burnett - Ducey Post, and the Auxiliary met at Memorial Hall Monday night for a covered dish supper. Arrangements of mums centered the tables for the bountiful meal.

Mrs. Walter Wilson, president, conducted the business session and the opening and closing prayers were given by the chaplain, Mrs. Leo Cox.

Mrs. Dale Merritt, secretary and Mrs. Delbert Kinnison, treasurer, gave their reports and a report of the auditing committee was given by the trustee, Mrs. Ed Hidy.

Plans were made for the Christmas party to be held at Anderson's Restaurant Dec. 17.

During the business meeting, contributions were voted to the Gray Ladies to help with the

Christmas gifts at Veteran's Hospital, Chillicothe; Mrs. Kinnison and Mrs. Merritt were appointed to purchase gifts from the Auxiliary for the Veteran's Hospital and each member was asked to take a gift for the same hospital at the next meeting.

Contributions were made to the OS&SO Home, Xenia; Ben Franklin Hospital, Columbus; Boy's Industrial School, Lancaster; Ruth Lyons Christmas Fund; to the VFW Home at Eaton Rapids, Mich.; for the decorating of a room and to the Health and Happiness Fund of the Eaton Rapids Home.

Mrs. Hidy and Mrs. Wilson were appointed to buy food for needy families to be given at Christmas time. Gifts were also sent to members who are ill and to the Cancer Key, Columbus.

Special guests at the meeting were Mrs. Mildred Carter, president, Mrs. Olive Phillips, secretary; Mrs. Leora Betts, treasurer, and Mrs. Marie McGory, cancer chairman, all of the 11th district. They are residents of Columbus.

Sorority Plans Christmas Party

Plans for their annual Christmas party for pre-school children were made when members of Xi Beta Psi chapter of Beta Sigma Phi sorority met at the home of Mrs. Eugene Alkire Monday night.

The party will be held at 2 p.m. Dec. 22, with the place to be announced later.

Mrs. Alkire conducted the meeting and appointed Mrs. William Williams and Mrs. Fred Domenico as chairmen of the committee to plan the party.

Karen Woodmansee, AFS summer exchange student of Washington High School, told of her visit to Leeds, England, the past summer and related many of her experiences.

A social hour, with refreshments served by the hostess, concluded the evening.

Piper-Sneelman Wedding

AN. AND MRS. ROBERT SPEELMAN

AN and Mrs. Robert Speelman were united in marriage at 3:30 p.m. Nov. 3 in the Church of Christ in Christian Union, with the Rev. George Belcher of Portsmouth performing the double ring ceremony.

Mrs. Speelman is the former Flora Ruth Piper, daughter of Mr. and Mrs. Ora R. Piper, Jeffersonville, and Mr. Speelman is the son of the late Mrs. Harry Kimball and Mr. Robert Speelman of Newton Falls.

Miss Mary Ann Piper, sister of the bride, was maid of honor. Mr. Raymond Smith, Washington C. H., was best man. The Rev. Norval Shepard, of Lynchburg, and Mr. Virgil Thompson, Hillsboro, uncles of the bride, were the ushers. Mrs. Marlene Thompson, aunt of the bride, presented a program of nuptial music preceding the ceremony.

The bride is a graduate of Jeffersonville High School and a former employee of Ohio State University. Mr. Speelman is a graduate of Jeffersonville High School and is stationed with the United States Navy at Norfolk, Va.

Wesleyan Service Guild Meets

The theme of Thanksgiving was carried out in the program at the meeting of the Wesleyan Service Guild, Grace Methodist Church, held in the church parlors Monday evening.

The Rev. G. Glen Hughes presented "Thanksgiving With the Drakes," giving the thoughts of each member of the Drake family around the Thanksgiving table. Dr. Hughes was introduced by Mrs. Charles Wagner.

Mrs. George Stitt, accompanied by Miss Marion Christopher, sang "Lord, Let Me Live Today."

Mrs. Doris Diffendall, president, conducted the meeting. Miss Edith Wilson and Mrs. Chester Clay

Personals

Mrs. J. E. Dabe of Western Springs, Ill., is the guest of her mother, Mrs. Lydia Williams and her uncle and aunt, Mr. and Mrs. J. J. Kelley for over Thanksgiving.

Nancy Lee and Sara Lee Benson daughters of Mr. and Mrs. William Benson were the weekend guests of their grandparents, Mr. and Mrs. Virgil Benson in Columbus. Mrs. Benson returned with her granddaughters for an extended visit at the William Benson home.

Panel Discussion Held At Mother's Circle

A panel discussion on the problems of juveniles in Fayette County highlighted the meeting of Mothers' Circle, when members met at the home of Mrs. Charles Mustine Monday night.

Judge Omar A. Schwartz of the Probate-Juvenile Court, Mr. Maynard Wilson, Juvenile Court probation officer, and Mrs. Virginia Essman, attendance officer in the Washington C. H. school system, were the members of the panel. They explained the duties of their offices and answered questions.

The president of Mothers' Circle, Mrs. George W. Trimmer, conducted the business session when the appearance of Flippo, sponsored by the club Saturday afternoon, was discussed. Members voted to sponsor another children's show for the next year's money - making project.

New members, Mrs. Lawrence Lehman, Mrs. J. C. Hansen, Mrs. Gene White and Mrs. Joseph Provost, were introduced to the club.

A social hour was enjoyed following the meeting, with Mrs. John Bath, Mrs. Robert Creamer and Mrs. Richard Willis assisting Mrs. Mustine.

Christian Science Service Thursday

A special Thanksgiving Day service, traditional in Christian Science churches all over the world, will be held in this area by First Church of Christ, Scientist.

Everyone is welcome to the service, which begins at 10 a. m. Thanksgiving morning, in the church edifice at 504 E Temple.

Hymns, prayer and a Bible lesson - sermon are all part of the service, which also includes a

period for spontaneous expressions of gratitude by church members in the congregation.

In 1918 President Woodrow Wilson set aside an Alaskan valley and adjacent areas as the Katmai National Monument. Its highest peak, formerly called Knife Peak, was renamed Mt. Griggs in 1959 in honor of botanist Robert F. Griggs, who brought it to the nation's attention.

THE DEPENDABLES FROM DODGE!

DON'T LET THE NAMEPLATE FOOL YOU...

THIS BIG ONE'S IN THE LOW-PRICE FIELD

INTRODUCING THE 1963 DODGE

A FULL LINE OF CARS IN THE LOW-PRICE FIELD!

The low-price field is about the last place a traditionalist would expect to find Dodge. The Dodge name has been associated with the medium-price boys since Hector was a pup. But the fact remains: the '63 Dodge is priced down with good old cars "F" and "C". Now, you can stay with a low price and get a lot more car. The name proves it: Dodge! You get the comfort Dodge is famous for. You get a smooth torsion-bar ride; experts call it best in the business. You get a V8 loaded for bear. (Or, the famous gas-saving 6 with the muscle of conventional V8's.) If that isn't enough to turn the other two green with envy, how's this for a clincher? Every 1963 Dodge is backed by a revolutionary new 5-year/50,000 mile warranty.*

*Your authorized Dodge Dealer's Warranty against defects in material and workmanship on 1963 cars has been expanded to include parts replacement of repair without charge for required parts or labor for 5 years or 50,000 miles, whichever comes first: on the engine block, head and internal parts; transmission case and internal parts (excluding manual clutch); torque converter, drive shaft, universal joints (excluding dust covers), rear axle and differential, and rear wheel bearings—provided the vehicle has been serviced at reasonable intervals according to the Dodge Certified Car Care schedule.

Most Ohio Congressmen To Move Up On Committees

WASHINGTON (AP) — Most Ohio members of the House who survived the elections will gain seniority on their committees because some colleagues from other states fell by the political wayside and others retired voluntarily from Congress.

Rep. Michael A. Feighan, of Cleveland (20th District), moves from fourth to third ranking Democrat on the House Judiciary Committee.

Rep. William M. McCulloch of Piqua (4th District) remains the top-ranking Republican on the Judiciary Committee. If the Republicans had gained control of the House, McCulloch would have become chairman of the committee.

Two Ohio Democrats move up a notch on the Banking and Currency Committee because of the retirement of Chairman Brent Spence of Kentucky. Rep. Thomas L. Ashley of Waterville (9th District) goes from eighth to seventh and Rep. Charles A. Vanik of Cleveland (21st district) from ninth to eighth.

Castro Said Ready To Use Old Passages

MIAMI, Fla. (AP)—Subterranean passages dug beneath Havana by the Spaniards in Colonial days have been put in order by the Fidel Castro regime for use in case of an invasion, the Cuban Revolutionary Council claims.

The council detailed a vast underground network and suggested it could be used by the Castro regime as an escape hatch as well as for defense against an enemy.

The report was released by Manuel Antonio de Varona, council public relations executive.

The report said one underground passage has been extended to Castro's presumed residence. It connects with the sea, the report said.

The council, major anti-Castro organization which mounted the unsuccessful Bay of Pigs invasion of Cuba, said also that a network of secret airports and hangars had been constructed throughout Cuba.

At some of the hidden or camouflaged airports, the council added, there are detection devices designed to spy electronically on missile launchings at Cape Canaveral, Fla.

Also included in the network, the council asserted, are missile bases undetected by American U2 planes.

Ashley also jumped from eighth to sixth Democrat on the Merchant Marine and Fisheries Committee.

Rep. Walter H. Moeller of Lancaster, defeated in the 10th District, was seventh ranking of the 18 Democratic members of the Space Committee and was 14th (last) on the Post Office and Civil Service Committee.

Rep. Robert E. Cook of Ravenna, Ohio Democrat defeated in the 11th District, was 20th (last) on the Public Works Committee.

Among Republicans, Rep. William H. Ayres of Akron (14th District) steps up two places to become second ranking GOP member of the Education and Labor Committee. Ayres remains ranking Republican on the Veterans Affairs Committee.

Rep. John M. Ashbrook of the 17th District, Johnstown Republican, jumps from 11th to seventh GOP member of the Education and Labor committee and from 14th (last) to 12th on the Interior Committee.

Other Republicans who gained:

Rep. Donald D. Clancy of Cincinnati (2nd District) moves up one place to 14th among the 16 Republicans on the Armed Services Committee.

Rep. Frank T. Bow of Canton (16th District) goes from eighth to fifth among GOP members of the Appropriations Committee and Rep. William E. Minshall of Rocky River (23rd District) jumps from 16th to 12th.

Rep. William H. Harsha of Portsmouth (6th District) moves from eighth to sixth GOP member of the District of Columbia Committee and Rep. Charles A. Mosher of Oberlin (13th District) jumps from ninth to sixth ranked Republican on the Space Committee.

Rep. Jackson E. Betts of Findlay (8th District) advances from seventh to sixth ranked GOP member of the Ways and Means Committee.

Ohio lost the top Republican

spot on the Committee on Un-American Activities with the retirement of 1st District Rep. Gordon H. Scherer of Cincinnati.

Rep. Frances P. Bolton of Cleveland (22nd District) moves up one spot to become top-ranking Republican on the Foreign Affairs Committee.

Ohioans who will not move up in committee seniority include Rep. Wayne L. Hays, Flushing (18th District), who remains fifth Democrat on the Foreign Affairs Committee and fourth on the Administration Committee.

Rep. Paul Schenck, Dayton (3rd District), remains the top Republican member of the Administration Committee.

Rep. Michael J. Kirwan, Youngstown (19th District), remains fifth Democrat on the Appropriations Committee.

Sunday Sales Bring Arrest Of 5 Persons

WOOSTER, Ohio (AP)—Managers of five stores were charged with illegal Sunday sales as Wayne County and Wooster authorities cracked down Sunday.

The five, slated to appear today in Wooster Municipal Court, are Joe Kaiser, manager of a Lawson Milk Co. store in Wooster, Ray Begert, Lawson store manager at Orrville; James Dice, Lawson manager at Rittman, and Max Varian and Mrs. Paul Malarkey, who were arrested in Dairy Isle stores in Wooster.

Mrs. Malarkey's husband is Civil Defense director here.

Local police and sheriff's deputies issued the citations after making purchases in the stores.

Many businesses, including automatic laundries, which normally are open Sundays were closed here. Drug stores were

Red Undersea Missile Is Eyed By U.S.

BALTIMORE, Md. (AP)—United States interest in the waters around Cuba involves a Soviet undersea missile called Golem 2, a Baltimore newspaper columnist claims.

"The swift and rapid expansion of facilities in and around Banes Harbor means that the United States faces a long-term, stepped-up program of searching the ocean floors off both the East and West coasts," wrote William J. Perkinson.

He is metropolitan editor of the Baltimore Evening Sun and a specialist in missile reporting.

He said in a column in the Baltimore Sun that U.S. antisubmarine forces will have to continue checks to make certain Golem 2 type missiles have not been planted in positions where they could be used for sudden sneak attacks after the land-based rockets are removed from Cuba.

Perkinson said Golem 2 is a nuclear-tipped rocket designed to be towed in canisters behind submarines. They can be launched from either the depths of the sea or floor of the ocean by remote signal.

Perkinson said the missiles are

open, but apparently only for the sale of drugs. Some restaurants, not otherwise affected by the law, put signs on cigarette machines and candy counters declaring that these items would not be sold on Sunday.

FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug counter.

Youth Club Activities

GOOD HOPE JUNIOR MYF

The second meeting of the Good Hope Methodist Youth Fellowship was held Nov. 11 at Wayne Hall.

The president, Roger Daugherty, opened the meeting by asking for the secretary's report by Beverly Reisinger.

Larry Dunn, treasurer, reported the balance after taking the collection.

Devotions were given by Judy Strouth. She asked each member

reported to have a range of 1,200 to 1,400 miles and if so could be launched from preset locations off both the East and West coasts and hit any target inside the United States.

"Pardon me, Mrs. Jones, but ONE HOUR MARTINIZING could do a much better job of pressing those trousers!"

to tell of one thing for which they were thankful and closed with circle prayer.

Recreation was led by Phyllis Woods and Judy Strouth.

Committees were appointed for the next meeting. They are: Devotions, Debbie Herbert; refreshments, Roger Daugherty and Larry Dunn; recreation, Phyllis Woods and Beverly Reisinger.

Beverly Reisinger, reporter

The Record-Herald Tuesday, Nov. 20, 1962 7

People . . . Places . . . And Things

Round About Fayette County

By B. E. KELLEY

Although some of the natural predators, rats and mice, are fewer than of bygone years, there has been a pronounced decrease in the rodent population in most of the county and, in fact, the state during the last 20 years.

Reason for the fewer destructive rats and mice is due chiefly to two things — passing of the shocks of corn and the old fence rail pens used for cribbing corn.

Used to be that nearly every shock of corn, when torn down to be husked or fed to cattle, contained one to a half dozen rats or mice which found the shock an ideal place for a home.

Not only did the shock afford ideal shelter and protection for the rodents, but the food supply was right in the shock and in abundance, so why look else where?

Invariably, where rats were found in the shocks, they had devoured much corn, and usually had dug deep into the ground for protection from the cold, leaving a half to a bushel of earth piled up inside the shocks.

Mice, while not devouring as much corn, would spoil a great deal during the several months they spent in the corn shocks. They, too, dug deep in the ground for protection from cold.

However, when the corn picker was introduced and husking corn from the shock passed out of the picture, what rodents were left sought refuge wherever they could. But elimination of tens of thousands of ideal homes was a hard blow from which they never recovered.

Like the corn shock, the rail corn crib proved an ideal place for rats and mice. They could enter on all sides, eat their passage ways through the corn and live fat at all times, for the most part secure from all enemies as long as the corn lasted.

Then came the metal corn cribs, and as a result rats and mice found they could get a smell of the corn but that was all, and they had to find food elsewhere, exposing themselves to capture by hawks, owls, cats and dogs as well as human beings.

In bygone years, when nearly all corn was cut and shocked, the annual loss to crops, caused by rodents, reached into the thousands of dollars, but most of this loss

has been eliminated by changed methods of farming, and the war on rats gone ally.

Thirty years ago "red squill" was distributed throughout the county under direction of the Farm Bureau, and great numbers of rats were destroyed in this way.

FORTY YEARS AGO

Georges Clemenceau, the "Tiger of France" was in the U. S. for a friendly visit.

The DT&I Railroad built a new water tank at Jeffersonville, where 8,000,000 gallons of water was required annually to supply trains.

Colby Turner, "armless wonder" and widely known as a race horse driver, purchased a race horse at the Park Farm sale in Springfield.

The National Fox Hunters directors, declaring they had never received such hospitality and friendliness in any previous meeting of the association, voted to return here the following year for the second national field trials and bench show. Mayor V. J. Dahl was made a life member of the association.

Heavy rains started streams to flowing and relieved the shrinking water table.

Sufficient coal was to be provided to meet all ordinary needs, but the price was high.

Charles Carl, of southern Fayette County, was wounded in the legs when accidentally shot by his brother while hunting.

Nearly all of Fayette County's corn crop was to be fed within the county.

Tut Jackson lost a bout with Carl Morris, giant opponent, in a clash at Dayton. Tut claimed he

was fouled in the ninth round. Morris weighed 245 pounds and stood six feet six inches tall. Tut weighed 195 pounds.

Jesse Persinger bought the Pitzer school house and grounds in Glendon, paying \$331.50.

"King Matchless", pride of the H. W. Stewart Durac herd and largest known Durac boar on record, was found dead of natural causes. The boar weighed 1,130 pounds.

Mrs. John P. Leavelle, Bloomington, died at 68 years.

Huge army cantonment frauds were being uncovered and steps taken to recover millions of dollars, including \$5,000,000 at Camp Sherman.

A balloon containing two men in the basket, passed over Fayette County, headed southward.

The water train on the B&O was still hauling water to Westboro to supply both branches of the road at Midland City.

J. R. Stroup again was editing the South Solon Advance, which he had sold and which later was

merged with the Jeffersonville Citizen.

Announcement was made that impeachment proceedings were to be filed against U. S. Attorney General Harry M. Daugherty.

Nicholas Merriweather died here at the age of 86 years.

President Harding asked Congress to enact legislation to in-

crease the U. S. Merchant Marine.

Mrs. W. H. Fenton, of Georgia, was the first woman U. S. Senator, serving 22 hours until succeeded by the duly elected candidate.

Hog thieves were using a large truck to haul away fat hogs from isolated fields near South Solon.

A new water system was being installed in Central School building to utilize water from the deep well drilled on the premises.

Ervin Hendricks, 32, his wife and four children were found dead in their home near Lancaster. Death was due to poison, administered by the mother who, it was disclosed, twice before had tried to

kill the entire family. Deputy State Game Warden, Rossetta Zimmerman arrested two hunters for hunting without permission.

The Commercial Bank was occupying the former Leland store (now Bray's News Store) while the new bank building (now the First National) was being built.

LEGAL NOTICE

Notice is hereby given that an examination will be held Saturday, December 22nd, 1962 at 7:00 O'clock P.M. at the City Building for Patrolman of the Police Department, Washington C. H., Ohio. Applicants must be of the age 21 through 30 years, must be able to establish residence in the City of Washington within one year after appointment, \$76.00 per week for the first 90 days, then \$81.00 per week until permanent appointment is made. Application blanks may be secured at the Office of the City Auditor in the City Building and must be filed with the clerk accompanied by the proper fee of \$1.00 before 8:30 O'clock P.M. December 21, 1962. There will be continuing exams each week until an eligible list is established.

Lions Tie One And Lose One In Scrimmages At Jamestown

The WHS Lion varsity basketball team got its first real test against outside opposition in the 1962-63 cage season Monday after school when it clashed with the Greenview High School Rams in two scrimmage games on the Greenview home floor at Jamestown.

The youthful Lions and the more-experienced Rams battled to a 59-59 tie in the opening game while Greenview came back to down WHS 75-61 in the second tilt. The two games were played under regulation rules and divided into customary eight-minute quarters. However, there were no rests between halves and no timeouts as the two coaches attempted to correct team flaws throughout the practice.

The double-scrimmage against Greenview was the first of three scrimmages scheduled by Lion Coach John Powell before the start of the regular campaign Nov. 30 at Pleasant View. The Lions will scrimmage at Sabina later this week and will host Franklin early next week. Franklin is Coach Powell's alma mater.

COACH POWELL was somewhat disappointed by the Lions' performance Monday, especially with their defense. However, he pointed out that the team had only three days of actual practice as a working unit. Greenview, a class A school, was permitted to open drills Oct. 15.

The coach commented that "the defense didn't look very good" and added that during the next 10 days of practice before the opening game "most of the work will be on defense." He again cited the Lions' lack of practice as a contributing factor in the sub-par defense.

Summarizing the offense, Coach Powell said the team worked fairly well considering the boys have been drilling together only three days and that they were forced to play against a zone defense, a tactic not yet covered by the Lions' coaching staff. He commented that the team has "a lot of work to do before next Friday (the opening game)."

FRESHMAN Forward Gary Knisley paced the Lions' scoring against Franklin by pouring in 32 points, on 11 of 23 shots from the field and 10 of 10 from the free throw line, including both games of the double-scrimmage. He also grabbed off 22 rebounds to top the Lions in that department. He was the only player the coach singled out for overall play.

Sophomore Center Ray Joslin, a transfer from Middletown, was

Cardinals Get Groat In Trade

St. Louis, Pittsburgh
Make Player Swap

ST. LOUIS, Mo. (AP)—The St. Louis Cardinals' long-time search for an experienced, good hitting shortstop has ended with the acquisition of veteran Dick Groat from the Pittsburgh Pirates.

The Cards, the tradingest team so far in the off-season, obtained Groat Monday in their second major swap since the 1962 season. Groat and relief pitcher Diomedes Olivo, 42, came to the Cards with right-hander Don Cardwell and young shortstop Julio Gotay going to Pittsburgh.

The deal came just 48 hours before the start Wednesday of baseball's annual 3-week inter-league trading period.

The Cardinals have long had their eyes on Groat, 31, former Duke All-America basketball star who won the National League batting crown and was named the league's Most Valuable Player in 1960 when the Pirates won the pennant and beat the Yankees in the World Series.

Shortstop has been a Cardinal problem for years but St. Louis manager Johnny Keane believes Groat is the solution.

Groat said he's "looking forward to playing with St. Louis. I just hope I can help them."

Groat hit .294 last season, hit two homers and drove in 61 runs. Gotay, 23, hit .255, also got two homers, and drove in 27 runs. His lack of experience, both at bat and in the field, had much to do with the failure of the Cards to play up to expectations as a pennant contender.

9 Colleges Enter Cross-Country Test

COLUMBUS, Ohio (AP) — The U.S. Track and Field Federation, feuding with the AAU for more collegiate recognition in the selection of Olympic athletes, stages its first 10,000-meter cross-country run here Thursday.

Nine universities will enter five-man teams, and 34 individuals also will go in the event, which does not have AAU sanction.

Larry Snyder, Ohio State track coach who piloted the American team in the 1960 Olympics, said: "The AAU had its cross-country event scheduled at the same time, so we challenged 'em by putting on a Thanksgiving Day race, too. Now the AAU has postponed its event."

on 10 of 30 field attempts and one of three free throws. Townsend gained a tie for the Lions in the first game by sinking a jump shot from mid-court as the final buzzer sounded.

Senior Forward John Thomas added 16 points on seven baskets and two free throws while Sophomore Guard Gary Card contributed 10 points on five buckets. Thomas connected on seven of 20 from the floor and two of five from the charity stripe. Card netted five of 16 basket attempts and missed his only free throw try.

Thomas and Joslin each got 13 rebounds to follow Knisley's total of 22. Card was fourth with seven rebounds. The Lions committed 25 turnovers, including 19 in the first game, although some could be attributed to the smaller court at Greenview.

In combined figures for both games, the Lions connected on 50 of 137 shots from the floor for a 36.5 average while making 20 of 33 free throws for a 60.6 average. They also grabbed off 64 rebounds in the double-scrimmage, including 37 in the final tilt.

In the two games for the Lions and their combined point totals were: Gary Knisley (32), Ray Joslin (26), Tom Townsend (21), John Thomas (16), Gary Card (10), Rob Minshall (5), Steve Fiee (4), Dennis Stepter (2), Bill Marting (2), Briggs Moore (2), Barry Kelley (0) and Rob Rodenfels (0).

Opening Day Hunter Count Below Average

COLUMBUS, Ohio (AP) — In its first report on the current hunting season, the Division of Wildlife says that fewer hunters were in the field on opening day Thursday, but that they bagged the same number of pheasants per hour of hunting effort as they did last year.

C. E. Knoder, the division's game staff specialist, based his report on the statewide hunter bag made by fieldmen on the first day of the upland game season.

His report said the opening day rabbit kill was up 27 per cent from last year, but the quail hunting success was off about 15 per cent, both of these based on success per hour of hunting.

About seven per cent fewer hunters were checked in the field than in 1961, even though the weather was mild and dry with sun in parts of the state.

Best rabbit hunting success was in southwestern and northeastern Ohio, with a decline noted in northwestern Ohio and in the Lake Erie district. The good pheasant range of northwestern and central Ohio showed a decline in the opening day harvest. There was one fatal hunting accident reported on the first day, Nov. 15, and 15 non-fatal accidents.

Southern Cal Tops Cage Poll

Ole Miss Is Second,
Wisconsin Now Third

By THE ASSOCIATED PRESS
Southern California rushed in today where angels fear to tread and took over the jinx-loaded No. 1 spot in The Associated Press major college football rankings in a tight finish with Mississippi, another unbeaten power.

The fall of Alabama, last week's leader, after its upset by Georgia Tech, opened the door for Southern California, Mississippi, Wisconsin, Texas and Minnesota to rush past the Crimson Tide which dropped to the No. 6 rung.

Southern California's unbeaten Trojans, who just did get past Navy 13-6, drew 20 first-place votes to 15 for Mississippi, a 19-6 winner over Tennessee. The remainder of the 48 votes from the guest panel of sports writers and sportscasters participating in the weekly Associated Press poll were spread over four teams with Wisconsin, No. 3, getting seven firsts, Penn State three, Texas two and Minnesota one.

On a point score with 10 for a first place ballot, nine for second and so on down, Southern California had a 439-403 margin over Mississippi.

Missouri, beaten by Oklahoma 13-0, and Northwestern, a 31-7 loser to Michigan State, dropped out of the top ten. Penn State, a romping 46-20 winner over Holy Cross, and Oklahoma, moved in.

The top ten with first place votes in parentheses:

1. Southern California (20) 439
2. Mississippi (15) 403
3. Wisconsin (7) 384
4. Texas (2) 326
5. Minnesota (1) 235
6. Alabama 232
7. Arkansas 209
8. Louisiana State 140
9. Penn State (3) 94
10. Oklahoma 43

Browns Foe Rides 3-Tilt Win Streak

CLEVELAND (AP)—The Cleveland Browns will be facing a team riding a three-game winning streak when they meet the Pittsburgh Steelers Sunday in their last home game of the season.

Since losing to the Browns 41-14 in Pittsburgh Oct. 28, the Steelers have defeated Minnesota, St. Louis and Washington and advanced into third place in the National Football League's Eastern Division.

The Browns compiled a 1-1-1 mark over the same period and are in fourth place.

Coach's Added Worries

GOLDEN, Colo. (AP)—Football Coach Fritz Brenneke, who seems to have more than his share of worries with the Colorado Mines team, learned that just before a game, an opposing player got sick and was given an anti-tetanus shot.

"What if that guy bites one of ours?" Fritz moaned.

Dartmouth On Threshold Of Perfect Football Season

HANOVER, N.H. (AP)—Prospective lawyers Billy King and Don McKinnon coupled with a conservative coach, Bob Blackman, have brought Dartmouth to the threshold of a perfect football season.

The final hurdle comes at Princeton on Saturday, where success would mean the surprising Indians had equalled the record of the 1925 team—only unbeaten, untied eleven in the school's history.

In his dual roles as quarterback and captain, King, from Richmond, Va., has been both a master mechanic and an inspirational leader. McKinnon, who weighs 216 pounds, is the key linebacking figure in one of the nation's stingiest defenses. Both are pre-law majors.

The gamble was the three-unit substitution plan the Big Green has used en route to an 8-0 record, the same posted by the 1925 club led by Andrew James (Swede) Oberlander.

"This team has been a real big surprise to us," says Blackman, the cherubic-looking genius who ranks among the top 10 active coaches in won-lost percentage. "We honestly didn't think it would be this good."

"In a way we were forced into three-unit substitution and, believe me, I was very apprehensive about it. We knew we had a few top men. We also knew 11 men couldn't play the full 60 minutes

as some had tried to do last season.

"We felt we had nobody behind some of our good, two-way players. So we had some members of the squad concentrate on offense, others on defense."

Spirit has been sky high in this New Hampshire college town, where 33 players know they'll see action every period of every game, since the perceptive coaching staff has found there is much less chance of damaging injuries to over-tired athletes.

King and McKinnon, the latter of Arlington, Mass., have both been pegged as All-America possibilities. McKinnon calls signals for a defense which has 578 variations.

Columbus Drops From Grid Loop

COLUMBUS, Ohio (AP)—The Columbus Capitals have been dropped from the United Football League. Commissioner George T. Gareff said injuries made it impossible for the Caps to field a team.

Columbus, which had led the Eastern Division until two weeks ago when local backers gave up their franchise, was to have played Grand Rapids Sunday.

The Caps were one game behind Wheeling in the division standings. Their withdrawal Monday gave the Ironmen the title and a berth in the league play-off Dec. 2.

SPORTS

The Record-Herald Tuesday, Nov. 20, 1962 9
Washington C. H., Ohio

Hornung Expects To Play Thursday

GREEN BAY, Wis. (AP)—Paul Hornung, versatile halfback of the Green Bay Packers, says nonsense to reports he won't be able to play if needed in the Packers' important National Football League game with the Lions at Detroit on Thanksgiving Day.

"I can play Thursday," Hornung said today, discounting earlier reports that said he didn't expect his ailing right knee to permit him to get into the line-up, and others that had him contemplating surgery on the knee eventually.

"My knee is still not 100 per cent, however. I can't run full speed yet and I have trouble bending my leg but it is coming along. I could have played Sunday (against Baltimore)."

In 1955, Denver Manager Ralph Houk sent pitcher Ralph Terry to Birmingham of the American Association "for more experience." Terry was only 19 at the time.

Chief Of Staff Changed For Indian Army

**Battered Force Ready
For Desperate Stand
Against Reds—Nehru**

NEW DELHI, India (AP)—Prime Minister Nehru today named a new army chief of staff and told Parliament the battered Indian army is ready for a desperate stand against Chinese Communist warriors rushing toward the rich plains of Assam.

Nehru also declared the Chinese "have sent many suggestions (for talks) but we are not going to accept any one of them. We shall continue the war until we win."

Gen. Joyanto Natch Chaudhuri, 54, commander of the Indian troops that seized Portuguese Goa last December in lightning conquest, was named to succeed Gen. P. N. Thapar.

Nehru said Thapar was relieved for health reasons and is going on a long leave.

Like Thapar, the new commander is a graduate of Britain's famed Sandhurst military school and a veteran of World War II.

Nehru said the Chinese are advancing from captured Bomdila, only 80 road miles from the plains, along a road which leaves the mountains and runs through a strip of jungle before emerging onto rich rice fields and tea estates.

"Defensive positions have been prepared in front of them and our troops will give battle there," Nehru said.

He said the Chinese were "a few miles beyond Bomdila."

Between Bomdila and the plains there is one last mountain pass, 9,300-foot Eagle's Nest, that would offer a good defensive position.

The American consul general in Calcutta, William Baxter, recommended that dependents of Americans on the north bank of the Brahmaputra River in Assam be evacuated. The Chinese are less than 50 air miles north of the river.

Baxter also recommended that Americans on the south bank urgently consider evacuation. There are about 100 Americans known to be living in Assam, mostly Baptist missionaries.

About 1,500 British tea planters and their families in Assam are considering evacuation.

The populous plains of Assam, which produce much of India's tea, rice and oil, were also threatened by a second Chinese drive bursting southward across India's northeast frontier district.

This column moved toward Assam down the Lohit River valley, near the Burma border, 300 miles to the east of Bomdila.

Miami Trace Board To Meet Wednesday

Pupil transportation, the use of school gymnasiums and disposition of surplus equipment will be among the matters discussed when the Miami Trace Board of Education meets in regular session at Eber School Wednesday night.

Walter W. Boyer, executive head of the district, will present a review of transportation, including changes made since a new school bus program went into effect this year. The Miami Trace system now operates 38 buses, five fewer than last year.

Boyer will ask the board to establish rules and regulations for the use of gymnasiums in former high school centers.

Also up for consideration will be the matter of disposition of certain excess equipment in the former high school centers and in the Marion, Bookwalter and New Holland elementary buildings which are no longer in operation. The equipment includes sewing machines, refrigerators, stoves, tables, desks and other miscellaneous items.

The monthly report of cafeteria operations and a breakdown of October financial transactions will be presented at the meeting, scheduled at 8 p.m.

Officers Named By Shrine Club

**Horse Show To Net
More Than \$1,600**

Max Lawrence will head the Washington C. H. Shrine Club as its president during the coming year.

He was elected to succeed Richard Kirkpatrick at Monday night's dinner meeting in the Country Club. Jess Schlachter, a director this year, was elected to the vice presidency, succeeding Lawrence and George Finley was reelected secretary-treasurer.

Named to the board of directors were W. S. Schaeffer, Herbert E. Wilson and Kirkpatrick.

Finley reported that the horse show, which was sponsored by the Shrine Club last summer, will clear a little more than \$1,600. Part of this money will go in the national program for rehabilitation of crippled children carried on by the Shrine and part of it will be retained by the club for its own welfare program.

The Rev. Curtis V. Morris, chaplain of Aladdin Temple, Columbus, and the principal after-dinner speaker, touched on the broad Shrine charity program. Now that the crippled children's program is firmly established on a nationwide basis, he said the shrine is planning to expand a program for care and treatment of children who have been severely burned.

The plan, he said, includes three strategically located hospitals and he added that efforts are being made by Aladdin Temple to have one of them located in Columbus.

Among the 138 Shriners around the tables for the fried chicken dinner, were 22 from Aladdin Temple, including The Picadores, a string instrument group, who entertained with several numbers.

The plan, he said, includes three strategically located hospitals and he added that efforts are being made by Aladdin Temple to have one of them located in Columbus.

London Prison Farm Chief Dies At 55

LONDON, Ohio (AP)—Supt. R. B. Eckle of the London Correctional Institution died in his home on the institution grounds early today. He was 55.

A physician called to the residence after the superintendent collapsed attributed death to a cerebral hemorrhage.

Eckle moved up to his present post through the ranks of the Ohio correctional system, starting as a guard at Ohio Penitentiary June 30, 1930. Subsequently he attained the rank of deputy warden and was transferred in that rank to the London institution in September 1952.

At London he served under William F. Amrine, long-time head of the institution, and when the latter retired in 1953 he became superintendent.

While at London Eckle inaugurated many new programs under modern correctional practices. He had served as president of the West Central Warden's Association.

A native of Madison Mills, Fayette County, he is survived by his wife, Ruth; a son, William, of Columbus; two grandchildren; and his mother, Mrs. Margaret Eckle, of Madison Mills.

He also leaves two sisters, Mrs. Pearl Guthrie, of Grove City, and Mrs. Marie McArthur, Waterloo Rd., Fayette County. Fayette County Deputy Sheriff Bob McArthur is a nephew.

Arrangements for services under the direction of the Norris Funeral Home in Grove City are incomplete. Friends may call at the Eckle home in London after 2 p.m. Wednesday. Burial will be in Sunset Cemetery, Rt. 40, west of Columbus.
